

OSHA's Top 10 Most Frequently Cited Standards

**Mark your calendar for this
60-minute webinar**

DATE: Thursday, March 14, 2019

TIME: 10:00 – 11:00 a.m.

Each year OSHA publishes its list of the top 10 most frequently cited standards following inspections of worksites by federal OSHA.

OSHA publishes this list to alert employers about these commonly cited standards so they can take steps to find and fix recognized hazards addressed in these and other standards.

We'll discuss all 10 standards in this webinar in an effort to help you prevent workplace injuries and illnesses ... and avoid potential OSHA fines, which are substantial.

Top 10 OSHA-cited standards for fiscal year 2018

1. Fall protection, construction
2. Hazard communication standard, general industry
3. Scaffolding, general requirements, construction
4. Respiratory protection, general industry
5. Control of hazardous energy (lockout/tagout), general industry
6. Ladders, construction
7. Powered industrial trucks, general industry
8. Fall protection—training requirements
9. Machinery and machine guarding, general requirements
10. Eye and face protection
