

## Managing Heat Stress and Heat-Related Illnesses

**Mark your calendar for this  
60-minute webinar**

**DATE: Thursday, May 2, 2019**

**TIME: 10:00 – 11:00 a.m.**

Let's get ready for the hot months ahead.

According to OSHA, heat-related fatality cases show that workplaces with temperatures above 70 degrees Fahrenheit may have a heat hazard present when work activities are at or above a moderate workload.

Assessing worker exposure in conditions that may present a heat hazard is critical for knowing when to implement a heat-related illness prevention program.

In this webinar, we'll cover these key topics:

### Key Topics

- Responsibility of the employer for work in extreme temperatures
- Effects of heat on employees
- Types of heat-related illnesses
- Responding to a heat emergency
- Methods to keep employees cool

### Who should attend?

- ✓ Safety and EH&S managers
- ✓ Plant & operations managers
- ✓ Human resources managers
- ✓ Training department managers

**Registration fee** (for an unlimited number of participants at one phone/computer location)

1. OMA Workers' Compensation Services Members: **No charge**
2. All other OMA Members: **\$29**
3. Non-OMA Members: **\$39**
