Mark your calendar for this 60-minute webinar

DATE: Thursday, September 2, 2021

TIME: 10 – 11 a.m.

So you think you know OSHA recordkeeping!?

This is an OMA member favorite webinar. We have planned a review of some of the more challenging OSHA recordkeeping and recording situations.

The session will be interactive. Using the webinar polling feature, participants will determine if the cases are recordable and whether the cases result in lost time or restricted workdays. A variety of cases will be presented for evaluation.

We'll have some of the OMA Workers' Compensation Services team on the line in case workers' comp questions arise.

Key Topics

- When does an incident meet the recording criteria?
- What incidents are not recordable?
- How are days away from work counted for OSHA recordkeeping purposes?
- How are incidents recorded for temporary workers?

Who should attend?

- ✓ EH&S managers
- ✓ Plant & operations managers
- ✓ Human resources managers
- ✓ Training department managers
