LEARNING EVENT — SAFETY & WORKERS’ COMPENSATION

BWC Prospective Payment of Premium Plan & BWC Program Updates

Mark your calendar for this 60 minute webinar
DATE: Tuesday, July 22, 2014
TIME: 10:00 – 11:00 a.m.

The Ohio Bureau of Workers’ Compensation (BWC) begins a landmark transition to a system whereby employers will pay for their coverage prior to the coverage period as opposed to after the period. There are multiple changes for employers to be aware of.

In this one-hour webinar, BWC staff will describe the changes and choices employers can expect.

Additionally, this is a good time to catch up on the available grant programs and other money saving and risk management programs available through BWC.

Key Topics

• Employer changes and choices related to the switch to prospective payment of premium.

• BWC grant opportunities - Safety Intervention Grants help employers finance new safety initiatives; Transitional Work Grants help your injured workers remain at work or return to work; Workplace Wellness Grants provide funding to help employers establish training and programs to reduce health risk factors specific to their employees; and Drug-Free Safety Program (DFSP) Grants assist employers who are implementing the BWC DFSP at the basic or advanced level.

• BWC money-saving and risk-reducing programs employers might consider.

Who should attend?

✓ Safety and EH&S managers
✓ Human resources managers
✓ Workers’ compensation managers

Registration fee (for an unlimited number of participants at one phone/computer location)

OMA Members: No charge
Non-OMA Members: $29

Your BWC Presenters

Tim McDermott, Business Consultant, BWC Southern Region. Prior to joining BWC more than 20 years ago, Tim spent six years in private insurance as a regional agent, underwriter, and manager. Tim also has 15 years’ experience as a small business owner-operator. He has a Bachelor’s degree in Labor Studies and Education and is currently working on Masters in Public Administration. He is certified in risk management, public management, and project management. Tim has been on the Business Technology Faculty at Cincinnati State Technical and Community College for ten years.

Carol Morrison, Manager, BWC Division of Safety & Hygiene (DSH), Outreach Programs and Services. With 25 years of public service, Carol has managed and developed programs to advance safety in Ohio businesses including the Safety Intervention and Workplace Wellness Grant programs. Carol is a graduate of Franklin University with a Bachelor’s degree in Business Administration/Organizational Leadership Management and a Master’s degree in Business and Finance. She also received a certificate in project management from Keller Graduate School of Management.
