Alliance for Working Together (AWT)

A consortium of almost 100 manufacturing companies, AWT's goal is to promote rewarding careers in the manufacturing industry and work toward the sustainability of manufacturing in the Northeast Ohio. AWT works to create awareness and interest in the industry, increase enrollment in training programs, and develop manufacturer-

focused curricula in the region. AWT administers combat robotics programs for both high school and middle school students to increase awareness and engagement, and help to provide networking opportunities for students.

ConxusNEO

An independent, non-profit organization committed to catalyzing growth and opportunity in Northeast Ohio. ConxusNEO unites cross-sector partnerships to develop shared goals, strategies, and measurements of success. The organization aims to give companies greater access to talent, provide residents with clear pathways to prosperity, and align job preparation

with demand. Through its Manufacturing Network, ConxusNEO has worked with regional manufacturing companies to raise the profile of manufacturing as a viable career choice and work with education and training partners to better prepare students for these careers.

Mahoning Valley Manufacturers Coalition (MVMC)

An industry-led coalition, MVMC's purpose is to identify common challenges and opportunities for manufacturers, and collectively champion solutions to address the priority needs of the industry. MVMC works to convene, educate, and mobilize key stakeholders in the region to promote development of a skilled workforce. Through a range

of initiatives, including Cutting Edge Manufacturing events, internship and apprenticeship programs, and curriculum and career pathway development, MVMC has made great strides in helping regional manufacturers prosper.

Ohio TechNet (OTN)

Ohio TechNet is a consortium of 11 Ohio community colleges, more than 300 employers, workforce partners from 71 counties, and the State of Ohio. This statewide initiative, led by Lorain County Community College, addresses the skills gap by developing targeted manufacturing training programs for transitioning adults. Innovative, industry-

aligned programs in five major advanced manufacturing industries are developed and enhanced to serve a diverse population of adults, including displaced workers eligible for training under the Trade Adjustment Assistance for Workers program and veterans.

Ohio Department of Higher Education (ODHE)

The Department of Higher Education has committed to making strategic investments for cooperative education and internship programs in each of the six JobsOhio regions through its Ohio Means Internships and Co-ops program. The investments will work to expand existing businesses, attract new investment, and develop

the talent pipeline. Educational institutions partner with local business to identify skill gaps and opportunities for internships and co-ops.
