OFFER LIGHT DUTY TO AN INJURED WORKER

WORKERS’ COMPENSATION CLAIMS MANAGEMENT TOOLS FOR OHIO MANUFACTURERS

The following guidance is provided to help you return your employee to light duty work and to advise you how to document your process. In the process, you will send a series of communications to the treating physician, and then to the injured worker. We recommend that you maintain a written record of your correspondence in the unlikely event that the return-to-work is opposed and referred to the Industrial Commission for hearing.

Mistakes that can occur in offering light duty include having no proof that the injured worker actually received the written light duty offer, waiting too long to provide the offer, making an offer that does not comply with the injured worker’s restrictions, and failing to update an offer to comply with restrictions that may have been updated or changed. Therefore, always work with your OMA Account Manager who will guide the process of offering light duty to an injured worker.

STEP 1 – Contact the nurse at treating physician’s office

- Introduce yourself
- Tell the nurse that you would like the physician to review options for a possible light duty release
- Obtain a fax number or email address where you can direct documents to the physician

STEP 2 – Send your request to the physician for the employee’s up-to-date work restrictions (sample letter 1 follows) with a blank BWC MEDCO-14 – Physician’s Report of Work Ability form (also available from your OMA Account Manager)

This letter introduces you to the physician and informs him or her that your company is willing to offer light duty work to the injured worker. The letter requests that the doctor provide you with the employee’s up-to-date work restrictions.

STEP 3 – Request the physician to compare work restrictions to your job description

Only proceed to this step if you have obtained up-to-date work restrictions (see above) and if you can accommodate the restrictions.

Send a letter (sample letter 2 follows) informing the doctor that you have light duty work available that you believe meets the restrictions. This request asks the doctor to review your job description (with job title) and approve the return-to-work in this transitional capacity.

We have created model Jobs/Duties Description form for your use.

Bringing an injured worker back to duty safely is good for everyone, the workers, his or her family, and you. We can help create return-to-work plans – under the physician’s restrictions – that provide productive transitional work roles.
STEP 4 – Advise your employee of the return to work authorization provided by the physician

Once the physician of record approves your job description in light of the employee’s work restrictions, you are ready to instruct the employee to return to work.

Send a letter (sample letter 3 follows) to the employee to inform him or her of the date and time he or she is expected to return to work. We recommend sending this letter both regular and certified mail.

Also, place a courtesy call to the employee. It is always in everyone’s best interests to help an employee feel welcome to return to work.

We are the employer in the above referenced workers’ compensation claim. As such, we would like to make you aware that we do have modified/light duty positions available that may provide an opportunity for this injured worker to safely return to work in a light duty/transitional capacity.

If you decide that the injured worker is capable of returning to work with restrictions, please forward a list or description of those restrictions. After we review the restrictions, we will, if appropriate, forward to you a job description for your review.

We look forward to working with you to safely return our employee to work. Should you have any questions, please do not hesitate to contact me at [contact information].

Respectfully,

This form provides important information about the injured worker's ability to work.

- The treating physician must submit this form each time he/she sees the injured worker unless the injured worker has been awarded permanent and total disability, has returned to work without restrictions within seven days of the injury, or is being treated after the treating physician has released him/her to his/her former position without restrictions.
- Please complete this form and provide a copy to the injured worker during his/her office visit. Fax a copy to the appropriate managed care organization (MCO) or to the injured worker's employer if self-insured.
- This form or an equivalent physician-generated document may support a request for temporary total compensation. The equivalent document must contain, at a minimum, the data elements required on this form. If you have submitted previously equivalent data elements that remain the same, indicate the name of the report that reflects the injured worker's current condition, e.g., May 15, 2015, office note.
- You may attach additional medical documentation such as diagnostic test results and a treatment plan to this form.
- Failure to provide complete detailed information may delay or suspend compensation payments to the injured worker.

### Instructions

**MEDCO-14 submission section:** You must select only one of the three choices by selecting the appropriate box. If you previously completed a MEDCO-14 and there are changes, you must indicate the changes in the appropriate section on the form, and select the yes box in that section. For all other sections, you would make no entry, and select the no box.

**Employment/occupation section:** Please indicate if you have reviewed a description of the injured worker's job held on the date of the injury. Please indicate all sources providing you a description of the injured worker's job. If you do not have a copy of the injured worker's job description, BWC or the MCO can help secure one.

**Work status/Injured worker’s capabilities section:** Please complete this section as accurately and thoroughly as possible, as BWC will use this information to understand the injured worker's work status and help facilitate his/her appropriate and safe return to work either to his/her job held on the date of injury or an alternative job if he/she cannot return to the job held on the date of injury.

3A: Please indicate if the injured worker has any physical or health restrictions related only to the allowed conditions in the claim. If there are restrictions, please indicate if the restrictions are permanent or temporary. If there are no related restrictions you should check the release to work box. The date of the exam will be the release to work date.

3B: If there are restrictions related only to the allowed conditions in the claim, indicate whether or not the injured worker can return to the full duties of his/her job held on the date of injury. If you determine the injured worker cannot return to the full duties of his/her job held on the date of the injury, you must include the date for which you indicate the injured worker could not fully perform the duties of his/her job held on the date of the injury. You must also indicate an estimated date when you believe the injured worker should be able to fully perform the duties of the job held on the date of injury. **It is imperative that you follow all 3B instructions. This will facilitate appropriate processing of the injured worker’s claim. Updates to dates in 3B requires 4A to be completed.**

3C: Although an injured worker may not be able to fully return to the job held on the date of injury, understanding the injured worker's capabilities will assist in identifying appropriate and safe work that an injured worker may be able to perform. If an injured worker may return to available and appropriate work with restrictions accommodated, please indicate the possible return to work date. Further, to facilitate BWC's efforts to safely return an injured worker to appropriate work, indicate which of the activities listed in this section, the injured worker can perform. The following definitions apply to the section on Lifting/carrying, Pushing/pulling and Activity with the percentages reflected as they relate to an eight-hour workday:

- Never – 0 percent;
- Occasionally – 1 percent to 33 percent, four to six repetitions per hour;
- Frequently – 34 percent to 66 percent, six to 12 repetitions per hour;
- Continuously – 67 percent to 100 percent, greater than 12 repetitions per hour.

Please note that if the “yes” box is checked in response to the question of whether the injured worker has functional restrictions based only on allowed psychological conditions the MEDCO-16 should be referenced as needed.

We encourage you, in the space provided, to provide any additional information you believe would benefit the injured worker's safety and care relative to any return to work considerations.

Re: [Claim #]
Date of injury: [Month][Day][Year]

Dear [Injured Worker Name]:

We sincerely hope that recovery from your work-related injury is progressing satisfactorily.

Your physician has provided physical restriction information to allow you to return to work as soon as possible while still achieving full recovery from your injury. Dr. [Physician Name] has indicated you are able to work with the following limitations:

[Insert physician’s restriction information]

We would like to take this opportunity to extend an offer for your return to work in a capacity that meets the above-noted restrictions. You will be paid your regular salary [hourly rate] regardless of any limitations your doctor has set on hours worked or duties performed. The job involves the following tasks:

[Insert job description information]

These job duties are temporary in nature, and you may transition back to your regular job assignment when your doctor has determined you are capable. The position will have a start date of [insert date.] The job hours will be [specify hours]. You will report to [Supervisor’s Name] and the work will be performed at [location]. All [Company Name] policies, including attendance, punctuality and call off procedures, will apply as usual during this transitional work period.

Please notify us of your interest in this position by [date approximately 5 days after mailed to allow for delivery]. A failure to respond will be considered a refusal of this offer of suitable transitional work. You should be aware that refusing to accept work within your physician’s medical restrictions may end your compensation benefits through workers’ compensation.
Your reply and any questions regarding this transitional work offer should be directed to [Employer Workers’ Compensation Coordinator Name] at [phone number]. We look forward to hearing from you and having you back as a member of our team.

Respectfully,

[Signature]  
[Title]

This agreement shall be in effect until such time as the physician of record feels that you are physically capable of resuming regular work, and for a period not to exceed [number] days from the date of the agreement.

Check one:

☐ I accept this transitional work offer. I agree to keep my employer advised of any changes in my physical restrictions and will promptly advise my employer upon release to full duty by my physician.

☐ I do not accept this transitional work offer. I acknowledge that this refusal may result in denial of my temporary total compensation.
