**The Ohio Industrial Commission
Biennial Budget Request for Fiscal Years 2018 & 2019
The Ohio House of Representatives—H.B. 28 (Brinkman)**

Chairman Brinkman, Vice-Chairman Henne, Ranking Minority Member Boccieri and Members of the House Insurance Committee: Good morning, I am Tim Bainbridge, Chairman of the Industrial Commission of Ohio.

It is my pleasure to share the Industrial Commission's Biennial Budget Request for Fiscal Years 2018 & 2019, which is **1.3% less** than the previous adjusted biennial budget. Additionally, I would like to highlight information regarding the Industrial Commission operations.

As stated, The Ohio Industrial Commission Biennium Budget Request for Fiscal Years 2018-2019 totals \$103.6MM, which is a **1.3 % decrease** from the Fiscal Years 2016-2017 adjusted appropriation of \$105.0MM.

As a non-general revenue fund agency, funded by an Administrative Cost Fund (ACF) surcharge to the employers' workers' compensation coverage base rate, the Industrial Commission continues to pass along savings in our daily operations to our customers.

In the next biennium, the IC will face a continued maturing of its workforce and the potential for an increased "retirement wave." While the volume of retirements over the past three fiscal years has increased, that level as a percentage of the total workforce remains modest at 2.9%.

As an example of our efficiency, the Ohio Industrial Commission District Hearing Officer and Staff Hearing Officer claims were heard on average, at 35 days, with 93% meeting the statutory 52 day time frame. The Ohio Industrial Commission adjudicated more than 127,000 claims in Fiscal Year 2016, of which only 69 were advanced through a writ of mandamus to the Tenth District Court of Appeals.

Tim Adams, *Executive Director*

In 2016 the Tenth District issued 48 decisions, 39 affirmed the Industrial Commission, giving the Commission an 81% affirmation rate.

The Tenth District has issued 6 decisions so far this year, 5 affirmed the Industrial Commission and 1 was dismissed, giving the Commission a **100% affirmation rate.**

In Calendar Year 2016, there were 18 appeals filed with the Supreme Court. The Supreme Court issued 8 decisions, 7 of which affirmed the Industrial Commission, giving the Commission an 88 % affirmation rate.

The Ohio Industrial Commission has reduced staff by 44% through attrition and technology upgrades from 643 positions in 1997 to 360 positions at the end of Calendar Year 2016, **saving nearly \$46MM in cumulative payroll** without sacrificing the quality of service to our customers.

Much of this reduction, all through attrition and no layoffs, relates to laborsaving, claim- processing automation and process standardization statewide. Despite this reduction, the IC maintains a significantly high level of compliance of 93% or better with statutory hearing order time frames across the DHO and SHO levels.

As we face the challenges in the next Fiscal Year and beyond, your valuable consideration of our budget request is appreciated.

Thank you Chairman Brinkman and members of the House Insurance Committee for your time; our Chief Financial Officer, Brian Kelly and the rest of our staff will be happy to answer any questions you may have at this time.
