

SAFETY WEBINARS HELP MEMBERS OPERATE SAFELY—2023 Calendar

OMA safety webinars are FREE for members that purchase OMA Workers' Compensation Services. (All other members - \$29/webinar; non-members - \$39/webinar.)

Register [here](#) or call us at (800) 662-4463 so we can send you everything you need to participate.

We email webinar announcements each month. To receive webinar announcements, subscribe to Safety & Workers' Compensation under the [My Communities](#) tab in your [My OMA profile](#).

These 60-minute webinars begin at 10 a.m. on the scheduled dates. (Click the dates below to register.)

Thursday, January 12	OSHA Top 2022 Violations and 2023 Emphasis Programs – A review of OSHA's current priority areas of focus with respect to Ohio manufacturers.
Thursday, February 2	Are You Prepared for an OSHA Inspection? – Maybe you have a whistleblower situation or an unannounced OSHA inspection. Here's an overview of what to expect and how to effectively respond.
Thursday, March 2	Fall Protection – A review of dos and don'ts when it comes to falls, one of the leading causes of workplace injuries. We'll consider ladders, walking/working surfaces, and more.
Thursday, April 6	Emergency Response in the Manufacturing Facility – Considerations for preparing for potential urgent response in the facility, including medical, shelter in place, evacuation, violence, or chemical spill.
Thursday, May 4	Electrical Safety and NFPA 70E – An overview of the National Fire Protection Association 70E standards for arc flash protection.
Thursday, June 1	Lockout/Tagout – Planning to meet the OSHA requirements.
Thursday, July 13	Welding and Brazing Safety – Recognizing and controlling related safety risks.
Thursday, August 3	Key Environmental Regulations – A review of EPA requirements that commonly affect manufacturers, including an overview of ISO 14001.
Thursday, September 7	Machine Guarding – A refresher of the fundamentals of machine guarding safety.
Thursday, October 5	Behavior-Based Safety Tools and Techniques – Behavior-based safety systems influence employee actions toward safer outcomes, with a focus on preventing an accident or injury before it occurs.
Thursday, November 2	OSHA Reporting Requirements – Everything you always wanted to know about OSHA recordkeeping and reporting.
Thursday, December 7	Effective Incident Reporting – Best practices for reporting and investigating "good catches," near misses, first aid-only situations, and more serious injuries.

Note: The Bureau of Workers' Compensation (BWC) [requires employers](#) that participate in a group experience rating or group retrospective rating plan, and that sustain a claim in the 'green period,' to complete two hours of safety training or complete BWC's online accident analysis form and associated accident analysis course. Each of these webinars qualifies for one-hour of BWC-mandated training.
